

PETROL HEDGETRIMMER HC 250

Designed to meet the real needs of users looking for unbeatable value for money, this entry-level model makes home garden maintenance simple, intuitive and accessible to everyone.

Petrol engine

Thanks to an efficient two-stroke engine and a robust design, the machine combines outstanding ease of use with excellent manoeuvrability. It is the ideal solution for users looking for smooth performance, low maintenance and superior operating comfort, ensuring precise cutting and consistent performance season after season.

It is the ideal solution for users looking for smooth performance, low maintenance and superior operating comfort, ensuring precise cutting and consistent performance season after season.

Plus point

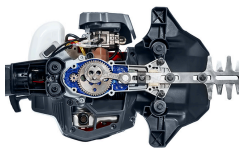

Engine

Features a chrome-plated cylinder and a two-ring piston, combined with a forged and machined steel crankshaft and connecting rod.

Cutting system

Equipped with high-quality steel blades with tip cutting edges, designed to deliver clean and precise vegetation cutting. The quality of the cut helps promote proper plant recovery and regrowth.

Gearbox

Aluminium gearbox with an internal mechanism featuring a pinion mounted on ball bearings and an eccentric drive, supported by dedicated bearings.

Adjustable handle

Ergonomic handle adjustable through 180°, featuring a single-lever control system designed to ensure a secure and natural grip during both horizontal and vertical cutting operations.

Technical data
